The Parties agree that all employees potentially involved in such claim will cooperate fully in the investigation by Producer. For example, Producer may create **23** thirty second versions of an original sixty second commercial. Separate session fees shall be payable to on- and off-camera principal performers employed to render services in making such package changes; but for the purpose of use fees such commercial, including the package change, shall be considered as one commercial. - The entity purchases non-prime time commercial inventory from local stations in multiple markets and resells that inventory to national advertisers as a packaged national buy.
- The entity, nor any parent company, does not own any of the stations involved in the transaction.

Notwithstanding the foregoing, Producer may use the commercial for additional nonconsecutive 4-week, 8-week or 1-year cycles of use for the remainder of the maximum period of use, provided and for so long as Producer is paying holding fees as per Section 31 to all principal performers in the commercial.

28. Change the title of the Social Media Waiver in Section 36.B.10 and Section 37.B.10 to the “Experimental Social Media and YouTube Waiver.”

29. Delete Section 36.C and 37.C, as future studies are reflected in Section 65, as amended herein.

30. Amend Section 47, Contributions to Pension and Health Plans to reflect an increase to the contribution rates to (i) IACF by 0.25%, and (ii) the SAG-Producer's Pension Plan, and the AFTRA-Producer's Retirement Fund (collectively) by 0.75%, for a total contribution rate of 19%. JPC authorizes will receive a 0.5% waiver of the pension increase (for a total contribution of 18.5%), which waiver shall sunset on March 31, 2022. Subsection A of Section 47 will read as follows:

A. Producer and advertising agencies signatory to Letters of Adherence, shall become parties to the “Screen Actors Guild-Producer's Pension Plan,” and the “SAG-AFTRA Screen Actors Guild-Producer's Health Plan for Motion Picture Actors” (collectively, the “Plans”) and to the “Industry Advancement and Cooperative Fund” (“IACF”), and to any successor of any of those entities. (17.5% for JPC authorizers during the Term) between the Health Plan and the Pension Plan may be changed at any time during the term hereof by those who have been appointed to the Boards of Trustees of said Plans, acting as agents for the signatories of this Agreement Contract and not as fiduciaries of the Plans based on actuarial studies.

Effective January 1, 2012, no Producer shall be obligated to make Pension & Health contributions on behalf of any individual performer on gross compensation in excess of $1,000,000 for covered services in a contract year where all such compensation has been paid on the basis of a single contract with a single Producer. For the avoidance of doubt, the contribution rate in effect under this Contract at the start of a multi-service contract (defined to be either the effective date, the date of first services or the date of performer payment, whichever is first) is the rate that remains in effect unless and until the multi-service contract is amended or an option is exercised.

31. Add the following sentence at the end of subsection C in Section 47, Contributions to Pension and Health Plans:

For the avoidance of doubt, charitable contributions made directly to a charity by a Producer are not included in “gross compensation”.

The Contract will fully apply to such commercials, however, if they are edited or modified other than as permitted by Section 26, Editing of Commercials or to such soundtracks if they are re-recorded within
the Scope of this Contract, subsequent to the advertiser or agency becoming signatory or transferring business to a signatory agency.

33. Amend Section 58.H, Arbitration, to add a 4-year statute of limitations for claims other than session related claims. The statute of limitations shall begin to run on the date when the performer knew or should have known that a claim existed.

35. Amend Section 65, Alternate Method of Compensation to address additional studies conducted jointly by the Union and the JPC to occur during the Term regarding an evaluation of the ACS (defined below) and additional changes that may be necessary to successor versions of this Contract to reflect industry and technological changes.

36. Amend Section 69, Title as follows:

This Contract shall be known as the 2019 SAG-AFTRA 2016-COMMERCIAls CONTRACT.

37. Add the following to Schedule A, Section I.1, Casting and Auditions, along with a reference to Section 14, Policy of Non-Discrimination and Affirmative Action/Diversity:

Producer shall ensure that no auditions, fittings or meetings are conducted in private hotel rooms or residences where the performer is alone with representatives of production. If there is no reasonable alternative forum for such a meeting, performers shall be entitled to attend the meeting with a second individual of their choosing who shall be allowed to maintain physical access to the performer at all times during the meeting.

38. Amend subsection 9 in Schedule A, Section X, Travel Time as follows:

Reasonable lodging must be provided on overnight locations. Business class First-class transportation, where more than one class is available, must be provided. So-called “commuter service”, confined to a distance of 500 miles, such as New York to Washington, D.C., shall be deemed first-class business class transportation.

For air travel of 1,000 or more air miles, first-business-class transportation shall be provided. However, if business-class transportation is not available, first-class transportation shall be provided.

39. Amend subsection 5(h) in Schedule A, Section AA, Employment of Minors as follows:
Any principal performer under the age of 17 shall have the right to be accompanied by a parent or guardian at all times.

40. Add the following as subsection 1 in Schedule D, Section 17.G, Interviews and renumber subsequent subsections accordingly:

Producer shall ensure that no auditions, fittings or meetings are conducted in private hotel rooms or residences where the performer is alone with representatives of production. If there is no reasonable alternative forum for such a meeting, performers shall be entitled to attend the meeting with a second individual of their choosing who shall be allowed to maintain physical access to the performer at all times during the meeting.

41. Amend subsection 5(h) in Schedule D, Section 17.R, Employment of Minors as follows:

Any extra performer under the age of 17 shall have the right to be accompanied by a parent or guardian at all times.

42. Amend subsection G of Exhibit I, Allocation Guidelines as follows:

Where contracts under paragraph A. (Guideline A) hereof include services covered by both the SAG-AFTRA Commercials Contract and the SAG-AFTRA Radio Audio Commercials Contract, allocations for covered services may be split 80% to services covered by the SAG-AFTRA Commercials Contract and 20% to services covered by the SAG-AFTRA Radio Audio Commercials Contract. Where contracts include non-covered services and services covered by both the SAG-AFTRA Commercials Contract and SAG-AFTRA Radio Audio Commercials Contract, allocations for covered services may be split 90% to services covered by the SAG-AFTRA Commercials Contract and 10% to services covered by the SAG-AFTRA Radio Audio Commercials Contract. This provision is not intended to reduce the allocation to covered services (e.g., to less than 50%) as specified under paragraph B. (Guideline B). For example, (e.g., a contract with covered services under the SAG-AFTRA Commercials Contract and the SAG-AFTRA Radio Audio Commercials Contract would result in a guideline allocation of 45% for services under the SAG-AFTRA Commercials Contract and 5% for services under the SAG-AFTRA Radio Audio Commercials Contract for a total 50% allocation). By way of clarification, for a multi-service contract covered by this Exhibit I, contributions for “b-roll/behind the scenes” captured in connection with a commercial produced under the SAG-AFTRA Commercials Contract are payable to the SAG-Producers Pension Plan. Unless there is a right to audio production, no 90%/10% or 80%/20% split between the SAG-Producers Pension Plan and AFTRA-Producers Retirement Fund is required.
43. Amend Sideletter #9 – Experimental Social Media Waiver as set forth on Appendix A, attached hereto.

44. Add the Alternate Compensation Structure attached hereto as Appendix B as Sideletter #10.

Except as modified herein, the terms and conditions set forth in the 2016 SAG-AFTRA Commercials Contract remain unchanged.

5. **Editing**: Producer may freely bargain for edits as provided for in the main Contract, or, upon payment of one (1) session fee to each principal performer appearing in the commercial, edit the commercial as described in Exhibit A.

**“A la Carte” (Upfront Flex) Option**

1. **Session**: Session fees shall be paid per the main Contract, but not credited against use.
2. **Use:**

   a. **Guarantee:** Producer shall guarantee every on-camera principal appearing in the commercial not less than $8,000 for one (1) year of use measured from the earlier of first use or thirteen (13) weeks following the first production day. Off-camera principals in the commercial shall be guaranteed $6,000 (75% of $8,000). Other guarantee amounts shall be as described in the attached rate sheet. The guarantee shall be due within sixty (60) calendar days of the first production day.

   b. **Producer shall credit all use against the guarantee at the rates set forth below until the guarantee is exhausted, at which point the amounts set forth below shall be paid to the performer in addition to the guarantee.**

   c. **Each 13-week cycle of use shall be paid (or credited against the guarantee) as set forth below for each use type:**

      i. **All Cable and Local Cable - $3,400**

      ii. **All Wild Spot and Local Cable - $2,000**

      iii. **All Digital (Internet, New Media, and Over-the-Top (OTT) platforms, including, but not limited to, Hulu) - $1,300**

      iv. **All Spanish Language - $2,000**

      v. **All Other Domestic Use (including Industrial, Dealer, ITN, Diginets, Class B and Class C) - $1,000**

   d. Class A uses may be credited or purchased for $100 per on-camera principal per use with no declining scale, no reset of units and no discount for guarantees or length.

   e. **Foreign use may be purchased for sixty percent (60%) of the fee(s) in Section 42, Foreign Use of Commercials (e.g., to purchase foreign use for the one (1) year Maximum Period of Use for the United Kingdom, Producer shall pay an amount not less than 60% of 3 session fees, or 1.8 session fees). In the case of Spanish Language Commercials, foreign use may be purchased for sixty percent (60%) of the fee(s) in Schedule C, Section 3 of the main Contract.**
3. **MPU:** The maximum period of use shall be one year from the earlier of first use or thirteen (13) weeks following the first production day, after which the parties may bargain for further use subject to **Section 30. Maximum Period of Use.**

4. **Exclusivity:** **Section 16. Exclusivity** shall apply except that the first non-competitive product shall require payment of an additional 25% of all compensation, the second non-competitive product shall require payment of 15% of all compensation and the third non-competitive product shall require payment of 10% of all compensation. For all non-competitive products beyond three, Section 16 shall apply without modification (e.g., for a commercial holding one (1) non-competitive product used in “All Cable”, the guarantee is still $8,000, but 1.25 x $3,400 shall be applied against the $8,000 guarantee. In addition the session would be paid at 125%, presently $890).

5. **Editing:** In lieu of Section 26, the Producer’s rights and obligations with respect to editing the commercial shall be as described in Exhibit A.

6. **Reporting:** Any payment made to performers under this a la carte option must be accompanied by reporting (“check stub”) showing the cumulative use and payments to the date of the check and the remaining balance, if any, of the guarantee. A zero check with the aforementioned reporting shall be provided in the event no payments are made within the first twenty-six (26) weeks of the maximum period of use and/or as necessary to show the final report of use and payments.
EXHIBIT A TO APPENDIX B
EDITING RULES FOR THE ALTERNATE COMPENSATION STRUCTURE

1. A “commercial” shall be defined as set forth in the main Contract. An “edit” refers to any change to the visual or aural elements of a commercial. The term “edit” may also be used for convenience to refer to a commercial that has been changed from the original. Except as provided in Section 4(c) below (“Addressable Edits”), commercials that are separately scripted or storyboarded shall be tracked and paid as separate commercials as required under Section 20.G in the main Contract (Alternate Scenes & Lines).

2. No edit may be made to a commercial that goes beyond the performer’s agreed-upon exclusivity unless the performer was notified at the time of engagement that such edit would be made or the Producer otherwise obtains the performer’s consent for such edit. In the event the foregoing sentence is violated, the Producer shall indemnify performer against any liability resulting from the edit.

3. Section 20.F., Joint Promotions, shall continue to apply. The parties agree that the Joint Promotion language only applies where the second advertiser contributes financially or otherwise (beyond granting clearance for use of product or logo) to Producer or when the second product is included as a giveaway or other promotion.

4. There are three (3) types of edits under the Alternate Compensation Structure that do not create a new commercial: a) Permitted Edits; b) Paid Edits; and c) Addressable Edits. All such edits may run in the same market at the same time and will be considered one commercial for use purposes. All other edits to a commercial (“Unpermitted Edits”) result in a new commercial for use purposes.

   a. **Permitted Edits:** No additional payments are due to any performers in the commercial other than any performer(s) engaged to render services in connection with the Permitted Edit.

   i. **Longer and Shorter Versions:** Producer may edit a commercial to create the following lengths of a commercial without triggering any additional payment obligation: 60 seconds; 30 seconds; 15 seconds; 8 (or 7) seconds and 6 seconds. No more than two (2) of each length may be made, but Producer may not make more than five (5) longer and/or shorter versions without triggering a new commercial. Each shorter or longer version must use only footage from the same production provided that such footage relates to the same script or storyboard and does not create an Unpermitted Edit of the longest version produced. It is understood that this provision
does not authorize the creation of “wild footage” as that term is understood in the Industry.

*E.g.*, a :30 commercial for beer is created to show a pool party featuring only a portion of the cast. Later, a :60 is finished that features the entire cast. The :60 is a Permitted Edit of the :30.

ii. **Legal/Network Requirement, Dealer Identification and Tag Changes**: The fees payable to performers rendering such changes shall be as set forth in Section 26.E of the main Contract.

*E.g.*, a commercial for a new flavor of dog food is created. Later, the commercial is edited to remove the reference to “new.” This is a Permitted Edit.

*E.g.*, a commercial for Kotex is made to promote tampons for the active woman. The end tag is later changed to feature maxi pads for the active woman. This is a Permitted Edit because only the tag changes.

*E.g.*, a commercial featuring a man in the forest chopping wood and tossing it into the back of his pickup truck has an end tag encouraging consumers to purchase the new Ford F-150 pickup truck. The end tag is changed to replace the F-150 pickup with a Ford F-250 pickup. This is a Permitted Edit because only the tag changes.

iii. **Rearrangement of On-Camera Material**

*E.g.*, a commercial for Secret Deodorant features scenes of women playing tennis, basketball, and running a marathon. For the East Coast, the scene order is changed to running a marathon, tennis, and basketball. This is a Permitted Edit.

iv. **Changes to the Off Camera Message**

*E.g.*, end tag describes Kim’s Sassy BBQ Sauce as “hot and spicy” for the West Coast and “tangy” for the Midwest. This is a Permitted Edit.

v. **Foreign Language Voiceovers**
E.g., French VO for France is substituted for English VO for the US market and the script remains the same (minimal deviations allowed in consideration of language differences). These are Permitted Edits.

vi. Special Offers and Promotions

E.g., a commercial for Wendy’s advertising breakfast menu deals changes the special offer at the end from 2-for-1 sausage biscuit to a sausage and egg burrito. This is a Permitted Edit

b. Paid Edit: Any change to a commercial described below shall constitute a Paid Edit. All principals in the commercial as edited shall receive the following Paid Edit fee(s) based on the session fee for on-camera or off-camera, as applicable. Edit fee(s) shall not be credited against any other payment due under the ACS (but may credited against the A La Carte guarantee).

i. The product may be changed to another product in the same product line or to a different variant of the same product (e.g., a different color, size, scent or flavor) beyond the nature of a tag:

E.g., a commercial featuring a Ford F-150 driving down a dirt road with a stack of wood in the truck bed is replaced with a Ford F-250 driving down a dirt road. The end tags reflect different deals for each model. This is a Paid Edit due to the introduction of new on-camera material not in the nature of a tag.

BUT e.g., a commercial for Ford F-150 pickup trucks that is edited to replace the Ford F-150 with a Ford Explorer sports utility vehicle would not be a Paid Edit because pickup trucks and sport utility vehicles are not part of the same product line. This edit would be an Unpermitted Edit and would be paid as a new commercial.
ii. The edit changes the setting or adds an additional setting to the commercial; provided such changes can be made during the same production via CGI or green screen or do not otherwise require the cast to travel to a different location or set.

*E.g.*, a commercial is edited using CGI or green screen to show a person parking at a beach instead of by a park. This is a Paid Edit because the setting change was accomplished using CGI or green screen.

BUT *e.g.*, the commercial shows a modern caveman traveling through an airport when he sees a billboard for GEICO showing the tag line “So simple even a caveman can do it.” The commercial is edited to show the modern caveman in a restaurant, looking through a window at a billboard for GEICO showing the tag line “So simple even a caveman can do it.” This is an Unpermitted Edit and results in a new commercial because it requires a different location or set.

*E.g.*, the commercial shows a boy being mocked for his funny name at various places and times throughout his life. It is edited to show him being made fun of for his funny name by relatives eulogizing him at his funeral. This is an Unpermitted Edit and results in a new commercial because it requires a different location or set.

c. **Addressable Edits:** In addition to the foregoing Permitted Edits, Addressable Commercials (defined as commercials that are specifically produced to be targeted toward definable audiences that are sometimes produced in multiple variations that can be inserted at the household or individual-device level) may be edited ("Addressable Edits") upon payment of the Addressable Edit Fee without creating a new commercial, provided that the only footage and/or soundtrack used to make the edit is taken from the original production and that the edit does not change the commercial concept or message. Upon request, the producer shall provide written verification showing that the commercial is an Addressable Commercial. Performers appearing in Addressable Edits shall be paid the following fees, which shall not be credited against any other payment due under the contract (but may credited against the A La Carte guarantee).

| On-Camera Principal | One-time fee equal to 200% of the on-camera session rate |
| **Off-Camera Principal** | 50% of the off-camera session rate for every Addressable Edit created if the off-camera principal renders services for the edit.

If the off-camera principal does not render services, then they receive a one-time fee equal to 200% of the off-camera session rate.

If the off-camera principal renders services on some, but not all, of the Addressable Edits, they shall receive both a one-time fee equal to 200% of the off-camera session rate and 50% of the off-camera session rate for every Addressable Edit created for which the off-camera principal renders services. |
| **Extra** | One-time fee equal to 50% of the unlimited use extra session rate. |

i. The commercial may be edited to show a different setting (*e.g.*, beach to rolling hills).

ii. The product and/or package may be changed to another product in the same product line or to a different variant or brand of the same product (*e.g.*, a different color, size, scent or flavor) beyond the nature of a tag.

iii. Subject to Section 20.F of the main Contract (Joint Promotions), any element other than the product may be edited to show a different element.

*E.g.*, a surfboard in a car commercial may be replaced with a snowboard in the same commercial;

*E.g.*, the driver in a car commercial is wearing a bathing suit in one edit and a ski jacket in the second;

*E.g.*, a shot of a group of men walking past a car in a car commercial is replaced with a different shot of the same action;

*E.g.*, a female driver in a car commercial is speaking to a male passenger in one edit, and in the second a male passenger is now the driver and the female driver is now the passenger; and
E.g., footage of a female driver is switched out for a male driver, both on the same dusty dirt road in an F-150.

5. Unpermitted Edits, which shall include, but not be limited to, the following types of edits, shall result in a new commercial for use purposes:

a. The edit changes the concept of the commercial. The “concept” refers to the basic idea by which the commercial conveys the commercial message.

E.g., a GEICO commercial shows a modern caveman purchasing insurance from GEICO to demonstrate that buying insurance from GEICO is so simple even a caveman can do it. It is edited to show a child buying insurance from GEICO to demonstrate that buying insurance from GEICO is so simple even a child can do it. The change constitutes an Unpermitted Edit and results in a new commercial because the concept of the commercial has changed from using a caveman to show simplicity to using a child to show simplicity.

b. The edit changes the commercial message, which refers to the specific message that the advertiser wants to convey to the consumer about the product or service being advertised.

E.g., a GEICO commercial features a modern caveman purchasing insurance from GEICO to demonstrate that buying insurance from GEICO is so simple even a caveman can do it. The commercial is edited to show the modern caveman filing an insurance claim with GEICO because in modern times, even a caveman needs to have good insurance. This would be an Unpermitted Edit and results in a new commercial because it has changed the commercial message from a message about the simplicity of purchasing insurance from GEICO to one about the importance of having insurance.

c. The edit adds a new on-camera principal(s) to the commercial (other than as may occur under 4.a.i).

E.g., a principal performer skydives to demonstrate how Old Spice works in every situation. The original version is edited to add footage from a different commercial of a principal on the ground congratulating the skydiver as he parachutes to the earth. This new principal was added based on footage relating to a separate storyboard. Therefore, the addition creates a new commercial.

d. The edit creates an additional version beyond what is allowed by section 4.
E.g., a commercial for a new flavor of dog food is created. Later, the commercial is edited to remove reference to “new.” This is a Permitted Edit. New footage of two puppies playing is introduced and the VO is brought in to change the end tag to reflect that the food is good for dogs all of ages. This is an Unpermitted Edit because it introduces new footage and changes the message of the commercial.

e. The edit adds an additional product or brand in a manner that is not allowed under section 4 above.

E.g., Kroger Supermarkets edits a commercial to show that Sunkist oranges are now on sale and also adds a reaction shot demonstrating the delicious taste of Sunkist oranges. This would not be a Paid Edit and results in a new commercial because the addition of the reaction shot is an implied endorsement of Sunkist oranges.
